These lists shall be

supplemented in and different from the lists referred to in rule 4 and shall contain the names of candidates who are not only eligible for inclusion in the lists referred to in rule 4 but are also able and willing to deposit security of such amount as may be specified in such general or special order. The names shall be arranged in the lists in order of preference.

(b) Both at the premises of these rules and the general rules an otherwise applicable provision of the rules referred to in sub-rule (a) shall continue to apply to a holder of a candidate from the lists referred to in sub-rule (a).

(c) Failure to accept an offer of appointment under sub-rule (a) and (b) shall render a candidate's name liable to removal from the list.

(d) If, when a vacancy is any of the posts referred to in sub-rule (a) occurs, there is no vacancy in any other such post in which the candidate designated from the lower post can be transferred, he shall, until such vacancy arises, be employed in an officiating or temporary capacity in the department to which he has been allotted in a post which is not of the description referred to in sub-rule (a) in preference to a junior, if any, who shall be considered for promotion.

(e) Where appointment to a post of the description referred to in sub-rule (a) has to be made by the promotion of a member of the service, such member shall, notwithstanding anything contained in the general rules be made subject to the condition that the member presented is able and willing to deposit the security required.

(f) If within a month from the date of his appointment under sub-rule (a) and (b) or of his promotion under sub-rule (e) the person concerned fails to deposit the security required, the appointing authority shall, if necessary, by order, discharge him from the service or revert him to the post from which he was promoted, as the case may be.

Provided that provision under this sub-rule shall not constitute a promise to promote to any post in the service, which is not of the description referred to in sub-rule (a).

Provided further that a person who is promoted under this sub-rule shall not, by reason only of his promotion under sub-rule (a) be regarded as a probationer in the post to which he was promoted, or be entitled to any preferential claim to future promotion by any post in the service, whether it be of the description referred to in sub-rule (a) or not."

Provided that any prospective consumer within the licensed area having a connected load of 100 h.p. or more may, if in the opinion of the Licensee it is deemed necessary, be supplied with electrical energy in bulk at a higher rate by the Government direct.

Provided that the Licensee shall not without adequate notice being served on them be under any more power than is conferred by their obligation to maintain a constant supply to consumers a constant being laid in the licensed area and supply of energy from the Government when changed over.

Provided that no supply of energy shall be commenced until the licensee's works have been inspected by the Electrical Inspector and passed by him in writing and until the Government have approved in the form of a requisition to be made to system or complete of premises for supply of energy. (b) The form of written contract or agreement with the licensee agreeing to take a supply of energy, and all modifications thereof (provided in such supply, and (c) the accounts in all cases payable to be charged to consumers for energy supplied for various purposes.

Provided further that every change in or addition to the works shall be communicated to the Government at least one month prior to the coming into force.

7. **System of supply.**—The system to be adopted for the supply and transmission of electrical energy under this license are the following:—

(1) (a) A medium pressure alternating current system 3-6 kv supply at a pressure at the consumer's terminals of 250 volts (approximately) between phases and 200 volts between phase and neutral which shall be carried at one pole only on each separate distributing system and at a frequency of 50 complete periods per second.

(2) A high-pressure alternating current 3-phase supply at a pressure of 11,000 volts between phases at a frequency of 50 complete periods per second.

(3) Extra high-pressure alternating current Japanese energy at any standard pressure approved by the Government and at a frequency of 50 complete periods per second may be transmitted between the generating station and one or more receiving stations.

(4) The neutral points of the high or extra high-pressure systems may, with the approval of the Government and at the convenience of the licensee, be connected to earth.

Provided always that it shall be lawful for the Government from time to time to vary, with due regard to the safety involved and to the effect upon the maintenance of the undertaking, regulations dealing with the above systems of supply or in relation thereto to such regulations and conditions as shall be prescribed in writing by the Government either systems of supply to be adopted for the purpose of the license.

(5) The transmission lines, feeders, distributing mains and service lines may be overhead or underground in whole or in part, and shall be erected, constructed and maintained by the licensee in strict conformity with the Act and the rules thereunder and the following provisions:—

(a) The licensee shall not use overhead wires at any high-pressure three phase system without the sanction in writing of the Electrical Inspector on each case and subject to any conditions or limitations which the Electrical Inspector may prescribe.

(b) In the streets mentioned in the third emergency clause or in any other streets which may at any time hereafter be named in writing by the Government all electric lines shall be laid underground.

(c) Where the transmission or electric-supply line crosses or runs along the side of a foot, bridge, pier, or other religious premises, the wires shall be laid underground and at such height as will allow of the free and safe passage of those provisions. In case of dispute such points and heights shall be determined by the District Magistrate.

(d) Dents for overhead lines shall not be erected in work portions of streets and thoroughfares where the street width or the regular traffic after the part is erected is less than 10 feet.

(e) In narrow lanes through which wheeled traffic is not permitted the poles shall be placed on the outside edge of the lane and a special construction to be approved by the Electrical Inspector adopted to keep the wires in position from every building.

(f) In any street or its direct continuation in which overhead electric lines are run, such lines shall comply with the previous provisions of the Electrical Inspector in 225 or less side city.

(g) Where overhead mains are used, due precautions shall be taken by the licensee to avoid any possible interference with the wireless, telegraph or telephone currents due to inductive effects.

(h) If and when it is proposed to lay any feeders, distributing mains or service lines (not electrical) on any premises, the licensee shall consult the Director of Civil Aviation in being with a view to their being suitably situated or buried.

(i) For the purpose of rule 24 of the Public Electricity Rules, 1937, the maximum wind pressure shall be taken as 10 lbs. per square foot.

8. **Geographical conditions.**—The licensee shall lay down certain and sufficient transmission lines, feeders and distributing mains and erect the generating station with all machinery and apparatus necessary for giving a continuous supply of energy and shall do all other works necessary for the maintenance of supply and in the interests of Government, etc., throughout such streets or parts of streets as are mentioned in the first schedule and as indicated in the plan of the system in the first schedule and as indicated in the Department map the latter shall prevail. The licensee shall maintain in suitable the works situated within a distance from the commencement of the license and shall complete the same within two years thereof. The works situated shall be in general accordance with the above mentioned in the first schedule and such work modifications as may be approved hereafter in writing by the Government.

(b) Further within twelve months of the receipt of the application and subject to the first provision of clause 11 (1) of the Schedule to this Act, the licensee shall lay down suitable and sufficient additional transmission lines, feeders and distributing mains, as may be required to effect a supply to any apartment, village or community within the area having a density of not less than 8,000 persons per square mile of additional low-voltage (not 11,000 volts) per square mile of 11,000 volts and 11,000 volts per square mile of voltage greater than 11,000 volts.

(c) In addition to the streets mentioned in the first schedule, the licensee shall lay down further distributing mains to an aggregate length of one mile in each local authority area as may be directed by the Government within twelve months of the commencement of the supply to each such area.

(d) If the licensee fails to comply with the above provisions or should in the opinion of the Government the progress made during any period of the said period of two years be unsatisfactory, the license may be revoked and the licensee furnished in accordance with clause 4 (b) above forfeited.

(e) The licensee shall submit reports to the Electrical Inspector every six months from the commencement of this license until the completion of the necessary works specified in the first schedule and the progress made in carrying out the first license.

9. **Generating stations.**—(a) There shall not be more than two generating stations (probably one) situated within the area of supply both to be closed down immediately any time after the first year of the date on which the Government shall be notified in the certificate of electrical energy from a Government source has become available.

(b) Transmission lines from generating stations.—For the purpose of conveying and transmitting energy the licensee may, after an order in writing has been made by the Government confirming the same, erect the necessary transmission lines from the generating station to the place of use of the energy. The alignment of such transmission lines from the generating station and up to the one or more receiving stations shall be subject to the previous approval of the Electrical Inspector.

(c) The licensee shall employ a resident Electrical Inspector to be charged with the maintenance of the system of the Government as specified for the purpose.

10. **Working up of overhead cables and setting of wires.**—(a) The licensee may hereby be authorized to erect and break up the net and permanent of the South Indian railway at work points and places in such extent as may have been previously approved in writing by the Government after the licensee have given the notice.

notice in writing to the persons who are entitled to seek the road cuttings and other all representations or objections received in accordance with any such notices have been considered by the Government.

(b) The length of the road to be opened on any street at any one time and the period for which they may remain open shall be determined from time to time by the Government or the local authority by which such streets are operated. When any street is closed no more than half the width of such street shall remain the private property in writing of the Government or the local authority as directed be closed for traffic.

(c) The licenses are further authorized to areas of rivers, streams and lengths thereof within or contiguous to the area of supply in accordance with such conditions as the Government may impose.

11. Limits of power to be charged in respect of the supply of energy.—(1) The power to be charged by the licensee for energy supplied by them shall not exceed those stated in that behalf in the schedule or in the case of a number of charges approved by the Government of Madras an attachment with clause 3 of the Schedule to the Act, such amounts as the Government may fix as regulating the method; nevertheless the licensee may alter any special condition, subject to sections 22 and 23 of the Act, for the supply of energy.

(2) Should a supply of electrical energy in bulk become available on any future date from a Government power system the licensee shall obtain all their requirements from such a system or source of supply subject to the conditions of clause 7 (a) within twelve months from the date from which notice is given by the Government that such supply is available.

(3) In case energy is obtained from a Government power system, the licensee shall maintain a record of the cost and the conditions of working in such regulations as may be framed by the Government. If a bulk supply is obtained from a source, other than a Government power system, the licensee shall submit the same charged to consumers and rate the amounts specified in the schedule of this licence to such extent as may be directed by the Government.

(4) The licensee shall provide and maintain in proper condition and suitable apparatus and establishment as free from any may be provided or approved by the Electrical Inspector for examination, testing and regulating of meters used or intended to be used in connection with the sale of energy.

12. Distribution of revenue.—(1) When the profits made by the licensee and available for distribution as interest and dividends exceed an amount equal to 5 per cent on the paid-up capital, including loans provided in the enterprise the excess shall be placed for the benefit of the licensee for the purpose of reducing the rates for light and power, cost of service connections, etc., or for such other purposes as may directly benefit the consumers.

(2) Profit, in this case, is defined as the difference between the gross revenue and the operating and maintenance expenses of the system which exclude depreciation and emergency funds.

(3) Operating and maintenance expenses include—

(a) Cost of power (when purchased from another source), of fuel, oil, water and steam consumed, salaries and wages, contributions for pensions, provident fund, superannuation and insurance for efforts and sickness, cost of repairs, maintenance and renewal of small parts not chargeable to depreciation account;

(b) All rents, rates and taxes including Electricity duty that shall be paid by the licensee but excluding assessment and payments for insurance of property.

(c) Depreciation and general establishment charges and other expenses on revenue account attributable to the system.

(d) The licensee for depreciation shall be ascertained with the Indian Income-tax Act, 1922, or any subsequent modification thereof. At least 20 per cent of the depreciable fund shall be invested in Government or Local Securities and not drawn upon, without the permission of the Government, until the fund has accumulated to the original amount provided for.

(e) A sum equal to 2 per cent of the capital invested in the undertaking may be set aside annually as a special reserve fund for contingencies. When this reserve accumulates to an amount equal to 2 per cent of the invested capital, the contribution shall be discontinued or reduced to such a number as to maintain the reserve at 2 per cent of the investment.

13. Continuity of service.—It shall be the duty of the licensee to give to the general public the maximum and full intervention of any circumstances in which interruption of the supply may be apprehended as a result of any emergency or disturbance of the public peace in any state or subject of the nature specified in section 35 of the Trade Disputes Act, 1920.

14. Purchase of undertaking.—(1) The price of purchase given by subsection (2) of section 7 of the Act shall first be payable on the completion of twenty years from the commencement of the licence and on the expiration of every subsequent period of seven years during the continuance of this licence. The percentage of the value as determined in accordance with and for the purpose of subsection (1) of section 7 of the Act of all lands, buildings, works, materials and plant of the licensee then owned shall be added, under the second proviso of the subsection in such value as agreed at contemporary purchase shall be fifteen per centum.

(2) In accordance with clause (6) of sub-section (2) of section 3 of the Act, all interests expressly declared that the generating station within the area of supply belonging to the licensee and to be used in connection with the undertaking as also the related buildings or any of apparatus or fittings provided by the licensee or his purchase shall form part of the undertaking for the purpose of purchase under section 8 or section 7 of the Act.

(3) During the period of notice provided in subsection (2) of section 7 of the Act, all interests and claims of money due to the capital account of the licensee shall be subject to the previous approval of the Government.

15. Particulars from the Schedule to the Act.—In pursuance of clause (b) of sub-section (2) of section 3 of the Act, it is hereby expressly declared that clauses IV and IX of the Schedule to the Act shall be exempted from incorporation as this licence. Clause XI of the Schedule to the Act shall be incorporated from incorporation in this licence to the extent that the power charged by the licensee shall be fixed by Government from time to time in accordance with clause XI of the licence and without reference to an Advisory Board.

16. Assignment of licence.—(1) At any time after the commencement of the licence, the licensee may assign this licence or transfer the whole or any part of the undertaking, in respect of which the licence is granted (including of lands, buildings, works, materials and plant of the licensee) to a company limited or to be formed and registered in British India, having authority to take over the licence and the said undertaking in the case may be and to exercise the powers and perform the obligations given to or imposed upon the licensee under the licence and the Act and the rules and as such assignee or transferee the rights, powers and obligations, obligations and liabilities of the licensee shall be assigned and transferred to and shall be exercised by and shall attach to such company formed or to be formed as aforesaid.

Provided (1) that a complete statement of the terms of the proposed assignment is placed before the Government and that no charge or interest on the proceeds or in the case of an undertaking not carrying profits of general stock be included in the terms of the assignment; and

(2) that no assignment shall be made without the previous consent in writing of the Government.

(3) Any agreement between the licensee and their intending assignee shall be subject to the approval of Government.

17. Breach.—If the licensee fails to comply with the provisions of any of the clauses hereof, the licence may be revoked.

The application will be selected in such a manner that the number of pupils, proved members of the caste and other circumstances, will be taken into consideration. The selected pupils will be given admission before 15th June 1940 to join the hostel.

8. Pupils admitted to the hostel will be given free boarding and lodging of Government cost. No other goods will be given to them for their other expenses such as clothing, books, etc. The hostel will be open for the purpose of the hostel. The hostel will be open for the purpose of the hostel.

9. Every pupil at joining the hostel should deposit with the Headmaster a sum of Rs. 5 (five rupees) as a security for the hostel. The security will be given to the Headmaster. The security will be given to the Headmaster. The security will be given to the Headmaster.

10. Pupils admitted to the hostel should give an undertaking in writing that they behave properly in the hostel and abide by the disciplinary rules. Any infringement of the disciplinary rules by any of the boarders will result in their expulsion from the hostel without warning any notice.

11. The selected pupils should join the hostel as per the directions of the Headmaster.

6. The above-applicants should be admitted not later than 28th April 1961 to the Deputy Inspectors of Schools.

Applications for the return of original certificates will not be entertained.

7. The Deputy Inspectors of Schools should satisfy themselves regarding candidates and select only copies of certificates with the applications. The return of certificates to recognized schools of the applicants should be certified by the Deputy Inspectors with reference to the available records in their office. The Deputy Inspectors should satisfy the verification of services given by the applicants in their applications forms. The Deputy Inspectors of Schools should submit the applications to the Deputy Inspectors with necessary certificates for submission in their office along with their own. All applications received by subordinates should be submitted in their office. Candidates not with the certificates should be submitted by Deputy Inspectors on or before 15th May 1961 at the latest. Applications received after the prescribed date will not be considered.

8. Failure to attention, the following number of candidates will be admitted —

School leave
Government Training School, Ramnad 150 500

M. R. SUBRAMANIAM,
District Educational Officer, Ramnad
Madurai, 1st March 1961.

Government Training Schools in East Godavari District.

It is hereby notified for the information of all concerned that candidates for training will be admitted in July 1961 into the Government Training schools in the East Godavari district in detailed below:—

SECOND EDUCATIONAL GRADE.

(1) Government Training School, Anaparthi—25
(2) Government Training School, Rajamahendravaram—25

2. Subject to availability of funds, students at the rate of Rs. 8 per month will be paid to those who are previously admitted as stipendaries and in addition thereto a few candidates who desire to undergo training as non-stipendaries will also be admitted subject to availability of accommodations in the schools concerned.

3. The period of training will be two years except in case of those who hold a completed Secondary School-Leaving Certificate with a period of not less than 70 per cent of marks in each of the subjects offered at the Secondary School-Leaving Certificate Public Examination in, where even the period of training will be only one year.

4. Qualifications.—Only those candidates who have at least passed the annual examination of the Third Part of a secondary school or have been awarded an Elementary Certificate (Leaving Certificate of the VIII Standard called 'Part I' or 'Good') are eligible for admission in the Higher Elementary Grade training class. In the case of candidates possessing IV Form (intermediate) certificate not qualified for promotion, intermediate classed as 'B' in the application form whether they passed III Form of a secondary school. Candidates who are directly admitted to IV Form without successfully completing the III Form course but have not in a full year's study in IV Form and appeared for the annual examination will also be admitted subject to the approval of the Director of Public Instruction, Madurai, though they are not qualified for promotion into Proceedings No. No. 5011-K/60, dated 28th July 1957, of the Director of Public Instruction, Madurai.

5. It is essential that the Deputy Inspectors concerned should carefully scrutinize the general educational certificates of the candidates and satisfy themselves with reference to the previous school history in respect of studies. A list of marks obtained by the candidate for advanced course should be attached to the application.

Only copies of general educational certificates duly stamped with the signature and attested by the Deputy Inspectors concerned should be enclosed to the authorities. Original certificates together with the medical and sanatory certificates must be produced

by the candidates concerned at the time of admission, properly marked, attested and not be submitted by candidates whose applications have been counter-signed by the Deputy Inspectors and Managers of recognized schools.

6. Applicant for training will have to attach a statement of assets properly passed by him with the certificate of the Village Officer contained for the acceptance of the statement.

7. Although previous teaching experience demanded of candidates for training has been dispensed with in G.O. No. 26, 1954, Government, dated 14th July 1955, yet previous teaching experience is given to those with previous teaching experience in the matter of selection. Candidates of over 25 years of age will not ordinarily be admitted unless they have got in at least three years service. With a view to avoiding unreasonable recommendations, the Inspecting Officers should see whether

(a) an applicant is seriously required for employment in the school the manager of which proposed employment after training; and

(b) whether the manager of the school has provided opportunities to those who were already such up by him from his school.

8. The Deputy Inspectors are requested not to recommend the candidates (i) who are serving up from recognized schools, (ii) those who are not required for employment after training in the school and (iii) the candidates with bodily infirmities. The nature of the bodily infirmities should be noted by the Deputy Inspectors in the candidates list against the respective candidates. Candidates of the above categories should be included in the rejected list with the necessary remarks against each.

9. Applications, prepared in the latest standard form which may be obtained from the Inspecting Officers of the ranges concerned, should be submitted to the authorities as far as to reach the office through the Inspecting Officers of the respective ranges on or before 1st May 1961. The Inspecting Officers in their turn recommend all applications received by them up to 28th April 1961 and submit them to the office by the date prescribed above together with the two consolidated lists in the following form:—(a) recommended and the other rejected—(b) reject of each training school, none being taken in case that candidates for advanced course are shown first and the others thereafter in order.

- (1) Serial number.
- (2) Name of candidate.
- (3) Date of birth (year).
- (4) Caste.
- (5) Qualifications as full.
- (6) Length of service in year. T.M.D. (filled in by the Inspecting Officers).
- (7) Present occupation.
- (8) Name of the recognized school, the manager of which proposed employment after training.
- (9) Whether the candidate is required for employment in the school.
- (10) Remarks.

10. Applications from teachers employed outside the district must come through the District Education Officer or the District or the Inspectors of the District concerned. Candidates applying from this District for training outside the District should submit their applications with reference to the selection certificates of the District Educational Officers of other districts through the Deputy Inspectors who will submit them in this office with the lists in the form prescribed in paragraph 9 above.

11. The candidates selected for training will be on probation for 30 working days and will enter into an agreement in regard with the Government as provided in the form and will also give a undertaking that they will not enter into any association or engage for any literary or technical examinations except during the course of training.

12. Students who have been admitted as non-stipendaries will have to deposit a certain money of Rs. 8 each with the headmaster at the time of admission. Special fee for gases, teachers' association, etc., not exceeding Rs. 1 per annum will also be levied.

13. Applications or lists which are either defective in any of the relevant particulars or received after the due date will not be considered.

B. SUBRAMANIAM,
District Educational Officer, East Godavari.
Gowandla, 28th February 1961.

Recovery Physician,
Emergency Assistant Physician, or -
Clinical Assistant holding the degree of M.B.B.S.,
or B.A. equivalent.

11. Selection of an applicant by the Commission carries with it an acceptance of appointment.

12. A candidate in the service of a Government, other than the Government of Madras, will, if selected, be treated only as a direct recruit and will not be entitled on the basis of his previous service under that Government, to any concession in the matter of initial pay, travelling allowances, travel pay, leave, pension, etc., under the Government of Madras.

13. A candidate appointed will be on probation for a total period of two years on duty within a continuous period of three years.

14. Within the period of probation, he will have to pass the Account Test for Subordinate Officers, Part I, and the Agricultural Department Test.

15. At any time before the end of the prescribed period of probation, the probability of a candidate may be terminated and his services dispensed with. At the end of the prescribed period, if the candidate is considered unsuitable for commission or if the candidate has not successfully passed the tests mentioned in paragraph 14 above, his services will be dispensed with.

16. The scale of pay of the post is Rs. 75-74/3-24 per mensem.

There will be a fixed rate of pay which is fixed at the time of appointment of the candidate, to which he will be entitled for the first five years of his service. He will not be entitled to any increase of pay in the first five years of his service.

17. An applicant will be disqualified who attempts to secure an office by means of influence or by means of any Member of the Commission personally or by letter. The same penalty will be imposed if any relative, friend, partner, official or other person attempts to influence the Commission or any Member of the Commission on behalf of an applicant.

List of candidates selected for appointment in the Madras Ministerial Service.

The following candidates who appeared for the competitive examination held by the Madras Public Service Commission in October 1939, or who were selected on the basis of the competitive examination held in 1939 are declared eligible for appointment in the Madras Ministerial Service other than as typist and stenographer for which a separate list of appointed candidates is drawn up. The names of the candidates are arranged under such groups and community in the order of merit.

2. The name of any candidate who fails, without adequate reason, to join, when so directed, an appointment the pay of which is not less than Rs. 25 a month, or on a fixed rate of pay, or not less than the scale of Rs. 20-22-24 and 5-12-24 if on a fixed scale of pay, shall be removed from the list and he shall not be eligible for appointment in the Ministerial Service in the future. The question whether such a candidate will be permitted to appear for a subsequent examination will be decided by the Commission on the merits of each case.

3. Every candidate should intimate promptly to the Collector concerned any change in his address. If he fails to do so, he will run the risk of his name being removed from the list.

4. A candidate included in the list will be eligible for appointment until a new list is published irrespective of the age on the date of his appointment. The name of a candidate who is not placed on probation during the currency of the list will be brought forward in a new list provided that he is within the prescribed age limit.

Sale of the right of enjoyment of usufruct of trees, etc., in the premises of the College of Engineering, Velury, for 1940-1941.

Notice is hereby given that the sale of the right of enjoyment of the usufruct of trees as noted below will be conducted by auction at the college premises at 3 p.m. on Saturday, 16th March 1940—

Conditions of sale.

Intending bidders shall deposit a sum of Rs. 10 before the commencement of the auction. It will be returned at the close of the auctioned bidders. The highest bidder shall be the purchaser but in the case of dispute the right will be reserved at the discretion of the auctioning officer.

As soon as the bid is knocked down, the successful bidder shall pay down 50 per cent of the purchase money, the balance being payable within eight days thereafter. Failure of this will annul the right being relinquished at the risk of the original purchaser who will be required to make good any loss sustained by the auctioneer.

The sale shall be subject to the approval of the Principal and the enjoyment will take effect from the date on which the lease is completed by the Principal.

No damage shall be done either to the trees or to its branches except in the case of pollards and also those from which the leaves can be cut without hurting the life of the tree, having not less than seven leaves to remain whole in each tree.

Trees of all kinds situated around the compound of residential quarters of staff will be included in the sale. Such trees will be posted out by the Director of the college.

Disruption of trees—Mango, palmyra, tamarind, etc., gava, divi divi, wankade, jerdine trees, second class in the Borge Park.

SUPPLEMENT TO PART II OF THE FORT ST. GEORGE GAZETTE

No. 10-B] MADRAS, TUESDAY EVENING, MARCH 12, 1940

WORKING CLASS COST OF LIVING INDEX NUMBERS FOR MADRAS CITY FOR FEBRUARY 1940.

A FALL OF THREE POINTS.

The cost of living index number for the working classes in Madras City works out to 104 for February 1940 and is lower by 3 points than the index for the previous month.

As compared with January 1940, the index number for the food group fell by 6 points to 103 due mainly to a fall in the price of rice.

The index number for the fuel and lighting group rose by 6 points to 117 owing mainly to an increase in the price of kerosene and batteries oil.

The index numbers for the clothing, housing and miscellaneous groups remained unchanged at 111, 106 and 103, respectively.

PART IV-A-BILLS

CONTENTS

Refined Township: 35.0, 1949

The following Bill, together with the Statement of Objects and Reasons, is published for the purpose of eliciting opinion. Notice is hereby given that the said Bill will be considered on or after the 24th April 1940, and that any objection or suggestion which may be received with respect thereto before the said date by the Secretary to the Government of Madras in the Public Works Department, will be considered.

A Bill to provide for the better administration and governance of the Mettur Teerashin.

WHEREAS it is expedient to provide for the better administration and governance of the Mettur Township; It is hereby enacted as follows:—

1. This Act may be called the Mettur Townships ^{Act, 1940.}

Constitution
of Committee
for
administration
of
Mettur
Township.

2. (1) As soon as may be after the passing of this Act, the Provincial Government shall, by notification in the *Port St. George Gazette* and with effect from such date as may be specified therein, constitute a Committee, to be called the Mettur Township Committee (hereinafter referred to as the Township Committee), for the purpose of administering the municipal affairs of the Mettur township.

(2) The Township Committee shall be a body corporate, having perpetual succession and a common seal, and subject to any restrictions or qualifications imposed by or under this or any other enactment, shall be vested with the capacity of suing and being sued in its corporate name, of acquiring, holding and transferring property, movable or immovable, of entering into contracts, and of doing all things necessary, proper or expedient for the purposes for which it is constituted.

Composition
of the Town-
ship Com-
mittee.

3. (1) The Township Committee shall consist of six members who shall be appointed by the Provincial Government or by an authority or officer empowered by them in this behalf. Of the six members, not less than two shall be non-officials of whom one shall be a representative of industrial interests in the township.

(2) The Provincial Government shall appoint one of the members of the Township Committee to be its Chairman and another person (whether a member of the Committee or not) to be its Executive Officer.

Application
of the first
five of
1920 and
other enact-
ments in
force
relating to
municipal
administration,
and
modification
thereof.

4. (1) The Provincial Government may, by notification in the *Port St. George Gazette*, direct that any of the provisions of the Madras District Municipalities Act, 1920, or of any other enactment for the time being in force elsewhere in the Province of Madras but not in the township, shall apply to the township to such extent and subject to such modifications, additions and restrictions as may be specified in the notification.

(2) In particular and without prejudice to the generality of the foregoing provision, such notification may authorize—

(a) the Township Committee to levy all or any of the taxes and fees which may be levied by

virtue of the provisions applied to the township under this section; and

- (b) the Executive Officer of the Township Committee to exercise and perform in regard to the township, the powers and duties assigned to the executive authority of a municipality under the provisions applied as aforesaid, subject to such restrictions, limitations and conditions and to such control, if any, as may be specified in the notification.

5. The Provincial Government may, by notification in the *Fort St. George Gazette*, define the boundaries of the Mettur township for the purposes of this Act, and may from time to time by a like notification, alter such boundaries.

Power to define and alter boundaries of Mettur township.

STATEMENT OF OBJECTS AND REASONS.

The area constituting the township of Mettur in the Salem district was excluded from the operation of the Madras Local Boards Act, 1920 (Madras Act XIV of 1920), with effect from the 1st December 1930, on the ground that if Mettur was to remain a model township and develop into an industrial centre, and if the economic life of the place were to be procured and orderly development of the township and its industries maintained, direct and more intimate administrative control was necessary than could be expected of the District Board functioning from its headquarters at Salem. The municipal administration of the area was therefore entrusted to an ad hoc committee consisting of (a) the Superintending Engineer, Mettur Electricity System, (b) the Sub-divisional Officer, Public Works Department, (c) the Medical Officer, Mettur, and (d) the Tahsildar, Omsur taluk. The Superintending Engineer is the Chairman and the Sub-divisional Officer, the Executive Officer of the Committee. The Committee exercises all the powers usually exercised by a municipal council, but as it is not a statutory body, it finds itself unable to enforce its decisions effectively or to levy taxes and fees. The constitution of the area into a regular municipality is considered inexpedient at present, as the Committee realises only 15 per cent of its revenues from non-Government sources. It is therefore proposed to create an ad hoc statutory body called the "Mettur Township Committee" and vest in it the municipal administration of the township. The Committee will consist of six members appointed by the Government or by an authority or officer empowered by the Government or by an authority or officer empowered by them. Of the six members, not less than two will be non-officials one of whom

will represent the industrial interests in the township. Provision has also been made for the appointment of a Chairman and Executive Officer of the Township Committee. Power has been taken to extend to the township with such modifications, additions and restrictions as may be necessary, the provisions of the Madras District Municipalities Act, 1920 (Madras Act V of 1920), and also of such other enactments in force elsewhere in this Presidency but not in the township.

It may be added that the late Ministry, shortly before its resignation approved of legislation on the lines proposed in the Bill.

(By order of His Excellency the Governor)

P. APPU NAIR,

Secretary to Government, Legal Department.
